To

Secretary to Govt., Local & Legislative Depts.

SIR,

Adverting to Government Order No.L.8242-8421/Medi.120-22
-16 dated 16th April regarding rules for the grant of conces-
sions to Government servants and indigent persons resorting to
Anti-rabic treatment, I have the honour to enclose copy of
letter No.10085 of 29th April 1924 from the Superintendent,
Civil Veterinary Department, explaining the necessity for the
inclusion of the Officers of the Civil Veterinary Department
under "Miscellaneous Departments" in Appendix I Rule 10 and
to request that necessary action may be kindly taken to have
the proposal sanctioned as early as possible.

Letter No.10085 dated 29th April 1924 from the Superintendent,
Civil Veterinary Department to the Director of Agriculture in Mysore
Bangalore.

With reference to Government Order No.L.8242-8421 Med.120-22-16
dated 16th April 1924 re. Anti-rabic treatment, I have the honour
to state that rule 8 provides for all officers of the Veterinary
Department, who are bitten by rabid or suspected animals while
actually discharging their official duties, but they have been
excluded in Appendix I Rule 10, evidently through an oversight.

I would therefore recommend that the following officers of
the civil veterinary Department be empowered to grant concessions
to government servants employed under them to proceed to Victoria
Hospital, Bangalore or Krishnarajendra Hospital, Mysore, for anti-
rabid treatment.

Superintendent.

Assistant Superintendents.

Veterinary Inspectors.

I may state that there is every likelihood of a Veterinary
Inspector or one of his staff being bitten by a rabid dog in a
remote village while out on tour and if they are not empowered
to act immediately, it may result in serious consequences if there
should be any delay in obtaining permission for the bitten official
being sent for early treatment.
